Dear Mr. Roubitchek:

This letter is to advise that our firm has been retained by Catmet Company, Inc. ("Catmet") to assist in responding to the above-referenced Information Request. As you know, the Information Request contains approximately 43 questions, not including subparts, covering a period of time from approximately 1970 to the present. Based upon the length and breadth of the request, on behalf of Catmet, I request an extension of thirty (30) days from March 27, 2008 until April 26, 2008, in which to provide a response to the Information Request.

The request is not made for unreasonable purposes, nor is it to seek to unduly delay a response. However, given the period of time at issue, the passage of time since the bankruptcy

of Chemetco, the Agency's Information Request will require significant effort from a relatively small company. Please advise me at your earliest convenience whether or not the Illinois Environmental Protection Agency ("Agency") will agree to such an extension. Should you have any questions, feel free to contact me.

Sincerely,

Edward W. Dwyer
